With respect to the provisions of its policy GP1, the Hartford Board of School Directors concludes that its performance during the previous year has been:

The purpose of the board, on behalf of Hartford citizens, is to see to it that Hartford School District	<b>X</b>

(b) avoids unacceptable actions and situations (as prohibited in board Executive Limitations policies).	<b>X</b>			

**Interpretation:**

As a member of the Hartford School Board, charged by the Board to produce this monitoring report, I interpret GP 1 to mean that:

1. The School Board, will,
  - a. Act on behalf of Citizens of Hartford.
  
2. The Board will work to,
  - a. Provide an education to all the students who attend District Schools and programs which achieves and produces the results and outcomes that are laid out in the Ends policies and,
  - b. That this cost of providing such education will be appropriate in light of both,
    - the needs of the student body, and the
    - the resources of the Town.
  
3. That, the Board will oversee the performance of the Superintendent of School in a manner that ensures that the Superintendent does not allow the School District to be placed at financial, legal or reputational risk as a result of a failure to comply with the prohibitions and strictures contained in the Executive Limitations policies.

	In Compliance	In Substantial Compliance (exceptions noted below)	In Partial Compliance	Not in Compliance
The board's sole official connection to the operational organization, its achievements, and its conduct will be through the Superintendent of schools.	<b>X</b>			

**Interpretation:**

As a member of the Hartford School Board, charged by the Board to produce this monitoring report, I interpret B/SR 1 to mean that:

1. The only way in which the School Board may legitimately act to direct or influence issues relating to the operation of the School District, including:
  - a) addressing issues relating to the conduct of students, teachers and/or staff,
  - b) reviewing teacher and/or staff performance,
  - c) determining the District's academic goal and curriculum, or

 will be done SOLELY by the School Board's interacting with the Superintendent of Schools in such ways as are permitted or required by the Board Policies.

And that the School Board will not intervene or attempt to influence the operations of the School District through any other means.
